Sir,

I am directed to state that the existing arrangements for the charge and maintenance of the Travellers' Bungalows in the State are not satisfactory and that the bungalows require greater attention. Since the Maramat Deptt under the Dy Comrs has been abolished, the Offices of the Rev. Deptt will not be able to carry out repairs of bungalows

under proper supervision, nor will it possible for them to see whether funds or furniture and crockery are properly distributed and utilized. Govt. therefore consider that it will be more suitable and the bungalows will be better managed if they are placed under the control of the Local Boards concerned, the amounts which are now allotted for their maintenance and repairs are being assigned to those bodies. Even the Dist. Bd. have no maramat agency of their own, and whether it is the ever dept or the Dist. Bds that have charge of these bungalows, execution of repairs or will have to be entrusted to the P.W.D, which is, as matters stand, the only agency available for the purpose in the Distts. Before passing final orders, Govt. desire to have the opinion of the Revenue Com. and the Dist. Bds in the matter. I am therefore to request you to be so good as to furnish Govt. very early with your opinion as to whether the proposed transfer of the management of the bungalows to the Local Bodies may be given effect to and whether such a transfer would improve the administration and lead to the maintenance of the bungalows in a more efficient condition in future.

Sir,

With reference to your letter No. G. 608-616 G.H.14-22-18 dated the 8th January 1923 in the matter of the maintenance of the -- travellers' Bungalows in the State, I have the honour to state that the Deputy Commissioner as the Chief Executive Officer of the District has to see to the accommodation and other arrangements when high -- State Officers and other distinguished personages visit the District. It is therefore necessary that the charge and the control of the ---- Travellers' Bungalows should remain with him.

2. The arrangement suggested in the letter under reply will only multiply channels of communication and correspondence. Government meet the cost, and the public Works Department carry out the repairs and I do not see what advantage is gained by transferring the control to the District Board.

In the circumstances, I request that the existing arrangements may continue.

The Amildars who are at present primarily responsible for the maintenance of these Bungalows have more facilities to maintain them in good and efficient condition, and whenever a complaint by the public is made, responsibility can be fixed. and the defects got rectified. The same facilities are not commanded by the Local Bodies. Hence I am in favour of continuing the present system.

"EXTRACT"

21/6/23

for President, District Board,
Bangalore District.

dated 19/22nd January 1923, from the Revenue Commissioner in Mysore, stating that he has no objection to first and second class travellers' bungalows being handed over to District Boards for management but doubting whether it would improve the situation any way in view of the present state of their finances.

ORDER No. G-8664-81 24/11/23

Dated, Bangalore.

The present condition of some of the travellers' bungalows in the State in point of repairs and the supply of furniture and crockery is unsatisfactory and this is to a large extent due to inadequate supervision on the part of the superior officers.

2. Government concur with the Revenue Commissioner in the opinion that the mere transfer of the management of the bungalows will not lead to any improvement and are therefore pleased to direct that the bungalows may continue under the Revenue Department.

3. The Revenue Commissioner is requested to issue circular instructions to Deputy Commissioners, Sub Division Officers, and Amildars for a more efficient supervision of the travellers' bungalows located within their jurisdiction and for the supply of the requisite furniture and crockery.

4. As it is very necessary to maintain first and second class travellers' bungalows in good repair, Government direct that the Public Works Department which is responsible therefor should divert more funds for repairs even by the abolition of expenditure on less important items.

5. The Chief Engineer for roads and buildings is requested to make adequate provision in the D.P.W. Budget for annual repairs to the first and second class travellers' bungalows in the State.
